

1

MAKE A CALL

We understand that the decision to receive treatment to end an addiction can be a difficult choice to make, but we want you to know that one step forward into the light is an opportunity to work towards the bright future you want.

 888-497-0967

2

SCHEDULE ADMISSION

Upon your arrival at Summit, our staff of medical experts and substance detoxification specialists will assist you every step of the way. To help ensure the safety of drug and alcohol withdrawal, we provide ongoing monitoring of basic vital signs such as your heart rate, body temperature and blood pressure.

3

BEGIN TREATMENT

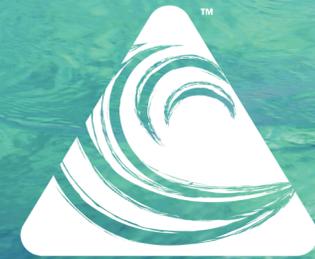

Depending on the nature of your situation, your treatment may also include the use of prescription medications designed to ease the severity of your withdrawal symptoms. In other cases, we may forego the use of medications and focus on supporting your body during natural completion of detox.

3330 S. Federal Hwy
Boynton Beach, FL 33435

(888) 497-0967

ALL CALLS CONFIDENTIAL

We offer financing and accept most
medical insurance plans.

Summit DETOX

Summit DETOX

www.summitdetox.com

At Summit Detox we not only treat your physical dependence, but also the mental or emotional aspects of your addiction. We take into consideration your lifestyle, environment, and any co-occurring health disorders that may play a part in your dependence to drugs or alcohol. We help prepare you for a lasting recovery.

DETOX PROGRAMS

Our programs use cutting-edge medical knowledge as well as holistic and supportive care to ease the effects of substance withdrawal in order to pave the way for a sober lifestyle.

OUR FACILITY

Summit provides an elevated level of comfort for our patients. We believe this helps promote wellness, and allows you to more easily end your addiction. Unlike many other facilities, we offer smoke breaks, in the belief that this keeps the focus on recovery from drugs or alcohol without distraction.

HIGH QUALITY CARE

We are dedicated to providing patients with the three necessary components of successful detoxification: evaluation, stabilization, and the transition to treatment. Our goal is to effectively diagnose and treat our patients so that they can safely and successfully transition to the appropriate level of ongoing treatment.
