TREATMENT CENTER
SUBSTANCE ABUSE & MENTAL HEALTH

Our comprehensive treatment plan focuses on the physical, mental, spiritual, and emotional aspects of recovery. Surrendering yourself to God, as you understand Him is at the forefront of our Christian faith-based treatment program.

Therapy Sessions

Clients participate in one-on-one sessions with Christian clinicians to receive biblical and psychological guidance throughout the recovery process. Clients also participate in group sessions that help develop new ways of relating to themselves, others, and God.

Christian Groups Provided:

- Chapel
- Christian 12 Steps
- Christian Process Groups
- Basics of Christianity
- Christian Heroes

Celebrate Recovery Meetings

Clients get the opportunity to travel to Celebrate Recovery meetings at local churches to experience a Christian approach to the 12 Steps.

Daily Chapel

Clients participate in a daily chapel service to target subjects such as daily devotions, Christian creative expression, worship through music, spiritual identity, and investing in a Christian community.

Who is the Christian Program For?

Our Christian Program is for anyone who is seeking Christ-centered treatment. Studies have shown that people who choose a faith-based approach to recovery are more likely to maintain sobriety and avoid relapse. This program is led by professionally trained clinicians who work with clients to incorporate Christian values into their every-day program of recovery.
